1. On 8 February 1982, [redacted] (USAF), the Deputy Director of the Intelligence Community Staff advised that Admiral Inmann has invited [redacted] a current employee of the Defense Advanced Research Projects Agency (DARPA) to join the IC Staff for a 30-60 day period in the not too distant future to assist the Office of Planning in conceptualizing long-range plans for the Intelligence Community. [redacted] emphasized that [redacted] will not become a permanent member of the IC Staff but instead will provide his exceptional services on a nonreimbursable basis for several months at most. It was further indicated that Mr. [redacted] has made a commitment to accept a position in private employment and is not at all interested in a position with the IC Staff even if one is offered to him by Admiral Inmann.

3. The aforementioned is offered for your information and to document [redacted] file. Unless you have some objection, it is the intent of the IC Staff to give [redacted] a nonpictured IC Staff VNE badge to cover his visits to the Community Headquarters Building during the 30-60 day period that he is detailed to us. Since this matter is of personal interest to the DDCI, please advise me at your earliest opportunity if a security problem exists which will alter our intended course of action.
